---

**A Note from the Artist**

*This year's donation to the SIA SoCal Retreat Attendance Assistance Fund is dedicated to long-time SIA member, Dawn Green, who was taken from us in her early forties by cancer.*

*In spite of the intense physical pain and constant emotional triggers she experienced during her last years of life, Dawn never gave up. She attempted to live life to the fullest and make the most of each moment she had. In doing so she modeled for each of us the meaning of the word "courage."*

*As such, *The Courage to Fly* is dedicated to her example. The jewelry set's triangular forms evoke the image of wings and the 12-Step connection we share as healing survivors. The set, composed of several thousand glass seed beads lovingly woven together with a single needle and thread, reminds us that we are stronger than we are apt to believe—that together we can walk through the dark places that fears emerge from, and soar.*

***You Rock!***

Rock out with a deluxe 2-DVD set of the rock ‘n’ roll comedy adventure *A Hard Day’s Night* — The Beatles’ feature film debut — with new footage, enhanced picture and digitally restored soundtrack. Or take in a landmark 1960s film of a different sort, *Easy Rider*, starring Peter Fonda, Dennis Hopper and Jack Nicholson, a “touchstone for a generation” that “captured the national imagination.” Learn more about that turbulent era by reading *What They Didn’t Teach You About the 60s*. You can harken back to a more innocent time with an adorable plush bear inspired by Elvis Presley’s 1957 musical film, *Jailhouse Rock*. And listen to rock from all eras with a new-in-box Amazon Echo Dot (2<sup>nd</sup> Generation) voice-controlled speaker. It uses Alexa to play music, control smart home devices, make calls, answer questions, set timers and alarms, and more.
